

**Fire Engineering in Residential and Commercial Buildings**  
**CPD Seminar – 21.10.2014 Programme**

**09.00 Registration and buffet breakfast**

**09.30 – 10:00 Introduction to fire engineering**

- An approach to fire engineering
- Code compliancy and engineered solutions

*Presented by Michel Wizenberg*

**10:00 - 11:00 Fire engineering in commercial buildings**

- Fire engineering benefits
- Fire engineering applications
- The value of good fire design
- Case study examples of commercial buildings

*Presented by Jigar Pandya*

**11:00 – 11:15 Q&A**

**11.15 - 11:30 Break: Tea/coffee & biscuits**

**11:30 - 12:30 Fire engineering in residential buildings**

- Fire engineering benefits
- Fire engineering applications
- The value of good fire design
- Case study examples of residential buildings

*Presented by Alastair Crossley*

**12:30 – 13:00 Q&A**

**13.00 Finish**
